## CORRECTORS

**BIOVAL OLIGOFERRO 600**  
CHOROSIS CORRECTOR  
FERRICA WITH L-AMINO ACIDS  
LIQUID

### DECLARED CONTENT

Iron (Fe) soluble in water	6,0% p/v
Free Amino Acids	0,66% p/v
Potassium Oxide (K <sub>2</sub> O) soluble in water	1,42% p/v

### PHYSICOCHEMICAL CHARACTERISTICS

Formulation: Soluble liquid  
 Density: 1,20 gr/cc  
 pH: 4-5  
 Colour: Brown

### PROPERTIES

**BIOVAL OLIGOFERRO 600** is a corrector of iron chlorosis obtained from iron of easy and quick assimilation, with one part chelated by EDTA and another by amino acids of low molecular weight. These amino acids are obtained by enzymatic hydrolysis of plant extracts from bacterial fermentation, using *Corenybacterium* and *Brevibacterium* microorganisms, which also gives it Biostimulant condition. It is presented as a highly concentrated liquid solution, suitable for all crops by foliar application or fertirrigation, or for the preparation of nutrient solutions. Iron, the main component of this product, is essential in biochemical processes such as photosynthesis and cellular respiration of plants. Also in the metabolism of carbohydrates, in the reduction of nitrogen and in the formation of numerous enzymes. Prevents and corrects iron deficiency states with instant results.

#### RECOMMENDED GENERAL DOSE:

**FOLIAR:** 150-300cc / hl per application (4-6 applications according to cultivation) at a rate of 3-6 L / ha.

**FERTIRRIGATION:** 2-6 l / hectare (various applications according to cultivation) at a rate of 120-250 cc / hl.

*It is recommended, however, to follow the doses and applications established by their technicians at the field level that will vary according to type of crop, their extractions in fertilizer units and the phenological state of the same. From "Distribución del Levante Bioval, S.L." or through our agents or distributors we can advise you in terms of the use dose according to your crops.*

#### STORAGE:

Keep in original container.  
 Do not store if mixed.  
 Do it in a dry place and protected from extreme temperatures and excess direct sunlight.  
 Keep away from food, drink and animal feeding stuffs.  
 Do not stack more than 4 heights.  
 Stable product. Use before 2 years of the lot date.  
 Precautions, risk phrases and safety: see label on packaging.

#### PRESENTATION:
